<u>Introduction</u>	<u>Page 3</u>
PART 1: MASTIC ASPHALT PAVING FOR MULTI-STOREY CAR PARKS AND OTHER PROTECTED WATERPROOFING APPLICATIONS	
<u>Design of roof or area to be asphalted</u>	<u>Page 4</u>
General	Page 4
Selection parameters	Page 4
<u>Design of the base</u>	<u>Page 4</u>
General	Page 4
Drying out the base	Page 5
Falls	Page 5
Drainage	Page 5
Substrates	Page 5
Concrete	Page 5
Precast concrete units	Page 5
Cement and sand screeds	Page 6
Substrates for ramps	Page 6
<u>Mastic asphalt paving</u>	<u>Page 6</u>
General	Page 6
Trafficked applications	Page 6
Surface finishes	Page 7
Solar reflective treatment	Page 7
<u>Design considerations</u>	<u>Page 7</u>
Classification	Page 7
Grades and thicknesses	Page 7
Hardness number	Page 8
<u>Detail considerations</u>	<u>Page 8</u>
Movement joints	Page 8
Keying to vertical surfaces	Page 8
Skirting to brickwork and concrete	Page 8
<u>Site work</u>	<u>Page 8</u>
Work planning	Page 8
Preparatory site work prior to asphaltting	Page 9
Achieving required quality of work	Page 9
Documentation and preparation	Page 9
Receiving and checking materials	Page 9

Workmanship

Remelting	Page 10
Transport of molten material	Page 10
Laying the separating membrane	Page 10
Laying the mastic asphalt paving	Page 10
General	Page 10
Joints	Page 10
Surface finish	Page 10

Testing

Slip resistance (foot trafficked areas)	Page 11
Table I	Page 11

Maintenance and repair

Repair procedures	Page 11
-------------------	---------

Typical specifications

Page 12

Specifications 1-5 are alternatives to the roofing section incorporating mastic asphalt protection

1) Terraces and balconies to receive sand bedding and block paving	Page 12
2) Terraces and balconies to receive mortar bedding and slab paving	Page 12
Roof gardens	
3) Uninsulated	Page 13
4) Partly insulated	Page 13
5) Fully insulated	Page 14

Car/HGV decks

Roof top parking	
6) Uninsulated	Page 14
7) Insulated	Page 15
8) Drainage channels	Page 15
Ramps	
9) Unheated	Page 16
10) Heated	Page 16
11) Heavy duty drainage channels	Page 17
Internal levels of multi-storey car parks	
12) Subject to hosing	Page 17
13) No waterproofing requirement	Page 18

Areas accessed by pedestrians

14) General duty and public access decks and podia	Page 18
15) Steps	Page 19
16) Access decks, drying and playing areas	Page 20
