

The Mastic Asphalt Council Factsheet

What is MAC:

The Mastic Asphalt Council (MAC) is the trade association for the UK mastic asphalt industry. Our members represent more than 90 of the country's leading contractors and manufacturers of mastic asphalt who are trained to install the product to the highest possible standards. MAC membership is open to manufacturers and contractors that satisfy strict quality requirements.

Confidence with MAC:

MAC members are experts in the installation of polymer modified asphalt. Prospective members must supply suitable references from satisfied customers and allow site inspections prior to being accepted. Proof they are financially viable is also required before being admitted and membership application must be supported by a three-year trading record backed by audited accounts.

Ongoing checks ensure compliance with membership criteria. Contractors must demonstrate a commitment to excellence at all levels.

This includes:

- **Training for all operatives and staff**
- **Support and conformity to all British Standards**
- **Management experience**

Few other organisations within the industry require such stringent conditions from members. It's your guarantee of excellence and why choosing mastic asphalt laid by a MAC member offers total peace of mind.

A wealth of support:

MAC members are supported by an organisation providing high levels of service to its members and their customers. This includes health and safety information, insurance-backed guarantees, contractual and legal support and representation across Europe. The UK are an influential member of the European Mastic Asphalt Association. As well as this, customers are assured of receiving the best quality mastic asphalt products, meeting the highest building standards.
